

utopia

/ju:ˈtəʊpiə/

noun

an imagined place or state of things in which everything is perfect.

Utopium [UPM] was designed by [@AltcoinAdam](#), manifested by [@CryptoKeymaker](#). In this reality, this, is Proof-of-Reality (PoR). **Utopium** was built solely upon the [Proof-of-Utopia \(PoU\) Thesis](#), while exact specifications were designed in collaboration with Quantum Holdings ([@QTMHoldings](#)) & the Erasmus School of History, Culture and Communication ([ESHCC](#)).

Utopium is owned solely by Utopia, while Utopia depends on You. Choice is yours to make.

"Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth."

“Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth.”

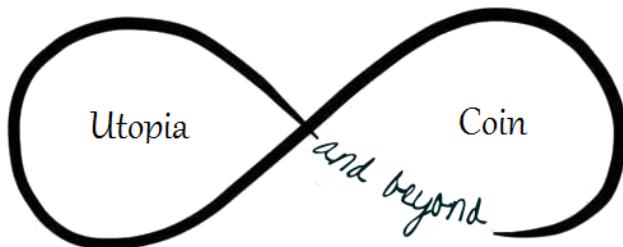

(Utopia)Coin: A social enterprise of education

Utopium will be the gateway to *all new possibilities*. One from which a utopian **synergy** for the whole is possible, and will be. Utopium will represent the closed-loop, zero-sum ecosystem of Utopia. In Utopia, **knowledge** is **true truth**. Therefore, Utopium is built to seek true truth, so that

Utopia can attain *infinity & equilibrium* with **nature**. To do that, **education** is **key**.

Utopia is *neither spirit* nor religion¹. But Utopia is both. However, Utopium is a **manifestation**, only because Utopia is a *reality*. All that is true, can be *proven* to be true, because what is true is true. This, is true because all that is needed is for you to **believe**. You must believe because there is one **reason** for *everything*. Everything exists, for us to **be**. All else is **perception, only**.

Through Proof-of-Manifestation² (PoM), we now have **Proof-of-Reality (PoR)**, because this, is reality. This, therefore, is further proof of Proof-of-Utopia³. If Utopia=Atlantis, then this, is Proof-of-Atlantis. Hence, **Proof-of-Atlantis (PoA)**. *It all starts with an idea. But, therefore.*

If all is in synergy, then we will have one all. This, is the one goal of utopia. There need no marketing, for all is branding. Hence, it is equilibrium, yet infinity. To be, education is but one key.

"If so, Utopium will be infinity. This is like a Eureka! moment, for thee."

¹ Proof-of-Spirituality (PoS): <http://goo.gl/2FRGo9>

² Proof-of-Manifestation (PoM): <http://goo.gl/Rbbdf0>

³ Proof-of-Utopia (PoU): <http://goo.gl/q3xNiK>

"Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth."

Utopium Blueprint

Utopium will be the first-ever **self-sustaining, crowdsourced, & crowdfunded** cryptocurrency project, which acts as a *social enterprise* and *social experiment* for **education**. One with an infinite end goal of attaining **Utopia** through the act of *first seeking, then teaching true truth.*

Therefore, **core principles** that govern **Utopium** are as such:

0. True education
1. Social experiment
2. Freedom of choice
3. Self-sustaining
4. Crowdsourcing
5. Decentralization⁴
6. Utility - Academic Research⁵

Within this *proposed reality* of Utopium's *ecosystem*, there are several variables to consider in order for Utopia to be successful:

- Cryptocurrency ecosystems - technical and fundamental economics⁶
- Branding
- Social media marketing
- Data analytics
- A possibility or "leap of faith"

"Because life is an experiment, Utopia is an ongoing project. Utopium will provide the necessary data, experiments, and knowledge required to write a thesis at the end of 1 year from here. This thesis will be one academic paper falling under the Utopian arm of education, adding onto a library of whitepapers of truth and knowledge that already exist. Furthermore, Utopium will represent the experiment, project, and life, in and of itself. Utopium, will be my Utopia, where money is not important, where only coins are."

~ *Utopia Manifested, [@utopium](https://twitter.com/@utopium)*

"Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth."

Utopium Logo

I have but one drawing to represent Utopium, and I present it here:

"Utopia is a ongoing experiment."

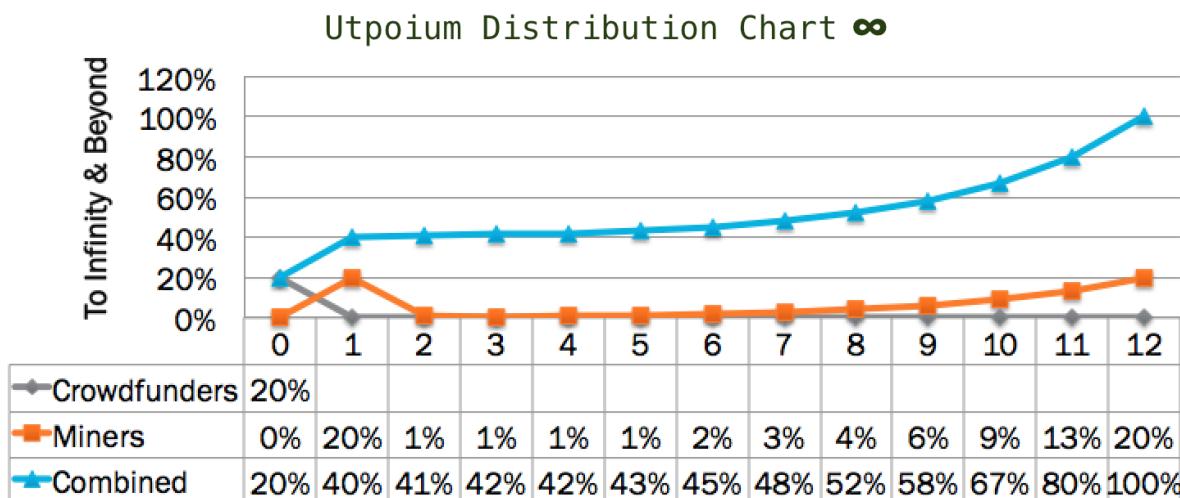

"Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth."

Utopium Distribution

Utopium will utilize a **Proof-of-Work⁷ (PoW)** distribution system, for a time period of 1 human year. Thereafter, Utopium will be secured based on at least **Proof-of-Stake⁸ (PoS)**. However, nothing is fixed. Things may change, because Utopium is an ongoing academic experiment, in and of itself. **Proof-of-Lifespan (PoLs)** is also discussed later.

First and foremost, the one goal of Utopium's distribution system⁹ is that of achieving **fairness**. To seek fairness, Utopia will harness all available *knowledge*, so as to discern *truth* from *none*. This is because all is knowledge, and with knowledge, we will know all. If, Utopium turns to be fair, then we have our first version of **Proof-of-Fairness (PoF)¹⁰**. Because life is an experiment.

This distribution period can be broken down into 2, the first month, and the remaining 11. In the first month, there are two modes of distribution, namely crowdfunding and mining. The crowdfunding period will last up to 7 days, ending when Utopium launches. More details below.

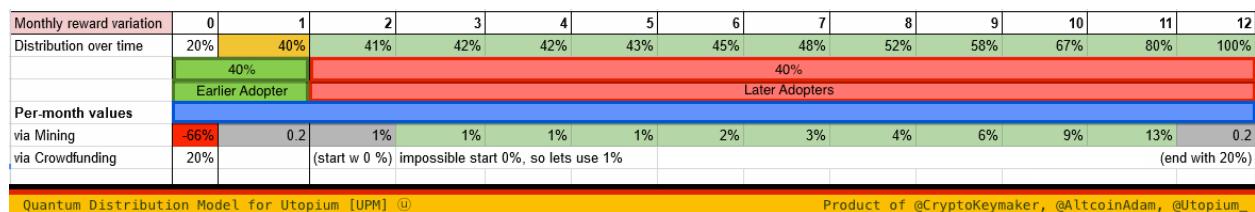

⁷ Proof-of-Work (PoW): https://en.bitcoin.it/wiki/Proof_of_work

⁸ Proof-of-Stake (PoS): https://en.bitcoin.it/wiki/Proof_of_Stake

⁹ For more details, please refer to the UtopiaCoin Blueprint: <http://goo.gl/Rbbdf0>

¹⁰ An explanation of our fairness model is laid out in the UtopiaCoin Blueprint.

“Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth.”

Phase I - Early Adopters - High risk high reward - Month 1

Total of 40% will be distributed in first phase; high intensity, short period of time. To reward early investors, fairness must also be in place. As such, equal chances are given to both miners, and investors. Hence, 20% will be distributed before launch in the form of crowdfunding¹¹, while the other 20% will be done via PoW mining at a constant rate throughout the month, same like every month.

Phase II - Late Adopters - Low risk low reward - Month 2 to 12

60% will be distributed; low intensity, long period of time. Mining happens at an increasing rate over time. if t=12, the rate decreases at a rate of 66.6666%, or 2/3 per month to form a downward parabolic towards t=1, which begins at 1%. It is also estimated to increase at a rate of 50%, or 3/2 per month, to form an upward parabolic towards t=12.

Phase III - Post-distribution - Slow Adopters

After t=12, distribution will be handled via the free market, where the market chooses a price. Therefore, during this third phase, Utopium will have been fully distributed.

Fairness Mechanism

A fair-price mechanism will be in place, in order to uphold fairness. The initial crowdfunding phase will take place over a period of 7 days, or less. During this phase, 20% of the maximum Utopium supply will be released to all worthy investors, for they have taken the largest risk in this ongoing experiment. An unlimited BTC can be invested, because you make the choice. Hence this is fair, because I do not dictate. There is a maximum cap BTC, which is undisclosed to you.

“Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth.”

Utopium Specifications

Specifications:

- PoW algorithm: NIST5
- Total (distributed) coins = 1 million
- Non-distributed coins (% of block mined) = 1%
- Initial block time = 1 minute
- Initial block reward = 10 Utopiums

Others:

- Estimated PoW life span = 1 year
- NIST5 is used because it is energy efficient, produces less heat, and popular.
- All non-distributed coins will be distributed to fund academic work and education only.
- Coin will launch one week from now, or before the 29th of July, 2014.
- Crowdfunding ends when coin launches.
- To enhance the fairness-mechanism, the chosen BTC cap is based on academic research about the fair-price indicator¹².

This, in *our* reality, is the Utopia of Cryptocurrencies. [#Utopium](#).

“Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth.”

Proof-of-Lifespan (PoL): The Paradox

“Life is all, because we are alive. So, what's is the purpose of life? Who knows? Nobody, and nobody but yourself. Believe, because if you don't believe in yourself, who will? Whatever, what matters in life, is the lifespan. You may be, what you choose to be, but all you choose to be, is not all you can be. This is true, not because, but because you must be. Where must you be? The place where only all else can be. The lifespan, is where you want to be.

If time is an illusion, then now is forever. If 0=illusion, and 1= forever. Where would you want to be? Rushing for time, and looking for eternity? Or living the now, and being the infinity.

This is true, not because I have come to prove it to be true. This is true, because you, yourself, will come to that realization. Because all is realization, all is perception; since what can be perceived can be realized, while what can be realized has to first be perceived.

Life is but a dream. Dream it, live it. Do it, and be it. Run, be. Whatever it may be, Utopium will have but one harmony. All else that will be, is left, only, to choice of you or me. If you choose, then you may be right. But if you choose, you will become right. If you ask, you shall seek, and if you seek, you will find. When you find, you will be. Why? Because all is connected, for eternity.

What did this teach? Again, nothing and everything. Nothing, because there is no lesson, but the one about life. Everything, because it is all, the all that governs Utopia, and Utopiacoin. Therefore, all there's left, is to learn and to teach, for teaching and learning is all that will bring. Bring forth the truth, the truest of truths.

*If all are connected, then life=lifespan. Thus, if Life can be proven, so can Lifespan. If lifespan can, Then **Proof-of-Lifespan (PoL)**. Since if have proven them, I am right again. So listen to me, not because. But listen, because. No me, and no saying no, since you are now in the know.*

I have taught, so go out and teach. For teaching the knowledge, that is the very all.”

“Everything is True. Yet, Nothing is True. All there is, is Knowledge. This, is the Book of True Truth.”

Crowdfunding Utopia

1. Go the the website www.utopiaco.in [not ready yet - ETA 1 day]
2. Enter email address
3. Enter Utopia

Utility-backed Coin

Since Utopium is not the first coin to cryptocurrency to be backing research while keeping in harmony with balance in nature, it seems wise that we join forces with all light. Thus, it will be wise to learn from someone else in collaboration for the greater good.

In this regard, we will begin by working together with GridCoin's innovative BOINC project collaboration, to serve one greater good; that of education, and academic research. For more information, read here¹³:

<https://cryptocointalk.com/topic/11357-gridcoin-finance-project/page-7#entry113058>

Where do your funds go?

It all starts with an idea.

But you always choose.

So, let's play a game. You choose. You tell me. We decide.

Since it all starts with a thought...

I have an idea.

"I can get funding for your research, any research, if you require. However, I need you to write a paper for, & with me, in the context of either crowdsourcing or social media. Will you help me?"

Lets go.

[Enter].
